SUMMARY

A motivated web developer with two years of experience designing, developing, and delivering web sites and applications. Good communication skills when addressing technical and non-technical clients and colleagues. Ability to problem-solve with superior analytical skills. BA in Engineering, professional certificate in Computer Science for Web Programming from Harvard University, and Full Stack Web Development certificate from University of California Los Angeles. Excellent knowledge of HTML, CSS, Bootstrap, JavaScript, React, Next.js, Node.js, Express.js, GraphQL, Python, Django, Flask, MongoDB, & SQL.

TECHNICAL SKILLS

Full Stack Development, HTML, CSS, JavaScript, React.js, MySQL, Express.js, GraphQL, MongoDB, MERN, Next.js, Python, Django, Flask, SQL, Git, API

PROJECTS

Home Rentals | https://github.com/ArmanBarseghyan83/home-rentals
| https://home-rentals-7803.onrender.com

- Summary: Home rental website for listing or renting homes
- Role: Sole author
- Tools: HTML, CSS, JavaScript, Django, SQLite db

E-Commerce | https://github.com/ArmanBarseghyan83/eCommerce-MERN
| https://ecommerce-505z.onrender.com

- Summary: E-Commerce website for listing or buying products
- Role: Sole author
- Tools: MERN Stack, React-Router, React-Bootstrap

Expense Tracker | https://github.com/ArmanBarseghyan83/expense-traker
| https://armanbarseghyan83.github.io/expense-traker

- Summary: App for tracking monthly expenses
- Role: Sole author
- Tools: HTML, CSS, React, React-redux, @reduxjs/toolkit

EXPERIENCE

Full Stack Web Developer   **2022-Present**
Freelance   **Remote**
Develop and maintain user-friendly websites using programming tools and languages such as HTML, CSS, JavaScript, React.js, Next.js, Python, Django, Flask, SQL.
Key Accomplishments:

- Create websites using programming techniques while adhering web standards
- Incorporate data from back-end databases and services
- Write well designed, efficient codes that are understandable and maintainable
- Edit website content per requirements that effectively address challenges
- Create the solutions for identified bugs or problems through debugging, research, and investigation
- Deploying updated knowledge of the modern technologies and techniques
- Update web applications periodically to meet new design trends and client's expectations

Business Owner   **2019-Present**
Kairos   **Los Angeles, CA**
Work with customers, dispatch personnel and departmental managers to meet company goals and customers' expectations.

- Review work orders, invoices and time reports for accuracy
- Review technicians' work to ensure quality meets established standards and customer expectation
- Develop and monitor budgets and objectives

EDUCATION

<u>Full Stack Web Development Boot Camp</u> Certificate: University of California Los Angeles, CA
A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, Git, API, JavaScript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Model-View-Controller (MVC), Express.js, GraphQL, React, and MERN.

<u>Computer Science for Web Programming</u> Certificate: Harvard University, Cambridge, MA
Successfully completed all courses and received a Professional Certificate in Computer Science for Web Programming.

<u>Web Programming with Python and JavaScript</u> Certificate: Harvard University, Cambridge, MA
HTML, CSS, Git, Python, Django, SQL, JavaScript, CI/CD

<u>Introduction to Computer Science</u> Certificate: Harvard University, Cambridge, MA
C, Python, SQL, HTML, CSS, JavaScript

Bachelor of Engineering – **State Engineering University of Armenia, Gyumri, Armenia**
